

Preferred Power Products, LLC – RoHS policy

July 13, 2021

Preferred Power Products, LLC (P3) has made a commitment to achieve full RoHS compliance and has taken aggressive action to accomplish this goal. Unless otherwise specified, all Preferred Power Products, LLC (P3) products are currently in compliance with Directive 2011/65/EU of the European Parliament and of the Council. Material and process certifications are on file at our manufacturing facility in Palm City, Florida. Limits of hazardous materials are as follows:

**Hazardous Substances and Maximum Limits:**

Lead (Pb)	0.1%
Mercury (Hg)	0.1%
Cadmium (Cd)	0.01%
Hexavalent Chromium (Cr(VI))	0.1%
Polybrominated Biphenyls (PBB)	0.1%
Polybrominated Diphenyl (PBDE)	0.1%

**Annex III-Applications Exempted:**

**The Following metals are exempt from the above limits of lead content per the following limit:**

(Ref. Category 6)

Steel	0.35% maximum allowable lead content.
Aluminum	0.40% maximum allowable lead content.
Copper Alloy	4.00% maximum allowable lead content.

All Preferred Power products, LLC (P3) products are currently RoHS compliant per the above compositions. Unless otherwise specified by the terms of the purchase order agreement, no non-compliant material will be supplied by Preferred Power Products, LLC (P3)

Best Regards,

Paul S. Davidsson

President
